The fence posts are made of the same 100% recycled robust plastic material as our well known mudcontrol INB® slabs, and will not rot or split. They require no wood treatment and no maintenance, will outlast any timber equivalent many times over and carry a 20 year manufacturer's guarantee. They can be nailed, screwed, sawn and stapled, in fact use them as you would a timber post, but with little danger of them being chewed. They can be driven in by hand or machine, and concreted.

Please note these products are stronger than a wooden equivalent therefore you may not need as big a diameter post as you would have used with a timber equivalent, For example our 7cm diameter posts are more than capable of carrying electric fence or in some cases High-Tensile wire saving money and maintenance over many years.

ADDITIONAL RECYCLED PLASTIC PRODUCTS ARE AVAILABLE RANGING FROM SMALL ACCESSORY PARTS TO GATES, PILES AND PANELS WITH FAR TOO MANY OPTIONS TO LIST HERE, IF YOU HAVE A SPECIFIC REQUIREMENT PLEASE LET US KNOW AND WE WILL GET BACK TO YOU ASAP, IT'S ALWAYS BEST TO ASK.

Please contact us to discuss any requirements Contact us at:
